## An Appeal

Dear Parents,

As you are all aware, Kerala State as well as Kodagu, part of our Karnataka State are in the midst of an unprecedented flood havoc. The calamity has caused immeasurable misery and devastation. Hundreds of lives have been lost and lakhs of homes have been damaged / destroyed due to massive floods. The misery due to rains has not ceased.

Now, it's an emerging need that we play a humanitarian role in our neighboring state to bring back normalcy in the lives of our brothers and sisters. We request the parents to unite in this task by contributing generously towards the needy. **The contribution may be in cash or kind. Items like Rice and Toor dal, Blankets, bedspreads, cooking oil, detergents can be sent to school by Monday, 20<sup>th</sup> August, 2018. The items as well as the monetary help will be sent to the relief camps.**

We become civilized only when we show compassion towards those who are suffering. Let us all realize that it's a calamity of the entire humanity.
